Urbana University Care Packages

Share your love and support all year long with the Urbana University care package program. A care package is the best way to remind your student that you are thinking of them on a birthday, holiday or during final exams.

We have partnered with local businesses in hopes to provide options for your student's favorite items, including **fresh baked cakes, cupcakes, cookies, fresh fruit, candy, flowers** and more! Include your own personal note to your student in every package.
